

Tom Graves: A Solid Record Protecting our 2nd Amendment Rights

As the next Congressman from Georgia's 9th District, Tom Graves will protect our 2nd Amendment rights and preserve Georgia's hunting heritage. In the Georgia General Assembly, he has been the go to guy for the NRA, introducing H.B. 143 which allowed law-abiding citizens to keep guns in their cars and supported legislation to allow Georgians to defend their personal property. He has a proven record of working with like-minded organizations to defend our Constitutional rights and defeating the efforts of those who would seek to restrict the rights of law-abiding Georgians.

That's why Tom Graves has received an "A+" and "100 percent" rating from the National Rifle Association and Gun Owners of America for his work protecting the 2nd Amendment in the Georgia General Assembly.

- Strongly OPPOSES Sen. Frank Lautenberg's attempt to impose new regulations on Gun Show purchases.
- Strongly OPPOSES H.R. 45, the Democrat-led Congress' "Blair Holt's Firearm Licensing and Record of Sale Act," which attempts to register and license all handgun owners and the requires the creation of a database of all gun owners in America.
- Strongly OPPOSES renewing the Clinton Gun Control Ban of 1994.
- Strongly SUPPORTS H.R. 197, the "National Right-to-Carry Reciprocity Act of 2009" which proposes that a person with any state's carry permit be allowed to legally carry their firearm in other states.

The Record is Clear: Tom Graves Works for Law-Abiding Gun Owners

"The right to keep and bear arms is fundamental to the survival of a free America. George Washington called the 2nd Amendment the 'teeth' of the Constitution because he knew the first step in destroying our freedoms would be to disarm the citizens. I will continue to fight to preserve the right to bear arms; for an attack on the 2nd Amendment is an attack on the Constitution itself, and every liberty and protection contained therein."

- Tom Graves
